BUSINESS PROPOSAL

Website Development Services

Prepared by: Zoe Tech Solutions
Tagline: Digital Solutions for a Smarter Future

Prepared for: Bright Solutions Ltd
Location: Nairobi, Kenya
Proposal Date: 5 November 2026
Proposal Validity: 14 days

---

1. Executive Summary

Zoe Tech Solutions is pleased to present this proposal to Bright Solutions Ltd for the development of a professional business website.

The proposed website will provide the company with a professional online presence, make its services easier to discover and give potential customers a convenient way to contact the business.

Our goal is to deliver a user-friendly, responsive and visually appealing website that supports the company's business objectives.

2. Understanding of the Client's Needs

Bright Solutions Ltd requires a professional website that introduces the business, presents its services and makes it easier for customers to access important information.

The website should be easy to navigate, accessible on different devices and designed to communicate the company's identity clearly.

3. Project Objectives

The main objectives are to:

- Establish a professional online presence.
- Present the company's products and services.
- Improve access to business information.
- Make it easier for potential customers to contact the company.
- Provide a website that works across desktop and mobile devices.

4. Scope of Work

The proposed website development services will include:

- Website planning and structure.
- Homepage design and development.
- About Us page.
- Services page.
- Contact page with a contact form.
- Responsive design for mobile, tablet and desktop.
- Basic website testing and review.
- Website handover upon completion.

5. Project Deliverables

At the end of the project, Bright Solutions Ltd will receive:

- A completed business website.
- The agreed website pages and features.
- A mobile-friendly website layout.
- A working contact form.
- Basic guidance on accessing and updating website content.

6. Project Timeline

The estimated project duration is three weeks from the date the client approves the proposal and provides the required content.

Activity	Estimated Duration
Planning and requirements gathering	3 days
Website design and development	10 days
Testing and revisions	5 days
Final review and handover	3 days
Total Days	**21 days**

7. Proposed Budget

Description	Amount (KES)
Website planning and structure	5,000
Website design and development	25,000
Contact form setup	5,000
Testing and final adjustments	5,000
Website handover and guidance	5,000
Total Proposed Cost	**45,000**

The above figures are illustrative estimates for this sample proposal. Any applicable taxes, hosting, domain registration or third-party service charges will be discussed and agreed separately.

8. Terms and Conditions

Work will begin after the proposal is approved and the project requirements are agreed upon.

The client will provide the necessary business information, text and images.

Any additional features outside the agreed scope may require a revised quotation.

The estimated timeline may change if required information or feedback is delayed.

Payment arrangements will be agreed upon before the project begins.

Final handover will take place after the agreed project requirements have been completed.

9. Conclusion

Zoe Tech Solutions appreciates the opportunity to present this proposal to Bright Solutions Ltd.

We look forward to the possibility of working together to create a professional online presence that supports the company's growth and improves its connection with customers.

Thank you for considering our proposal.
